

Household Hazardous Waste

Environmental Services will accept the following household hazardous waste at the Special Monthly Collection Events:

- Herbicides, fertilizers, insecticides and pesticides
- Fuel up to 5 gallons - gasoline and kerosene
- Antifreeze
- Acids and cleaners
- Putty and adhesives
- Paint, stains, varnishes, and paint thinner
- Aerosol spray cans
- Fluorescent tubes, must be unbroken
- Mercury - accepted daily - must be placed in 2 zip locked plastic bags

Environmental Services will not accept motor oil. Please see our residential recycling options for [automotive products](#).

Metal Appliances and Scrap Metal Accepted

Environmental Services will accept the following metal appliances and scrap metal at the Special Monthly Collection Events:

- Freezers, refrigerators, dehumidifiers and window air conditioners - you do not need to remove the Freon
- Stoves, ovens, washers, dryers, dishwashers and microwaves
- Furnaces and heaters
- Steel bathtubs
- Fencing and scrap metal
- Lawn mowers and engines - drain all fluids
- Gas and charcoal grills
- Pipes
- Aluminum

Environmental Services accepts most large metal appliances. You do not need to remove the Freon from your appliances. Environmental Services has personnel trained and certified to remove the Freon. The Freon will be recycled. There is no charge to Greene County Residents for this service.

Lawn mowers and other small engines must have all gas, oil, and other fluids drained before they can be recycled at [Environmental Services](#).

We do not accept water softeners.
