## ATTENTION CUSTOMERS

Enclosed you will find a copy of the revised Greene County Sanitary Engineering Department rates and charges for years 2007, 2008 and 2009. This list covers the most used meter sizes. Please note that water and sewer tap-in fees have **increased**. The water connection charge, fire protection line tap-in fees and irrigation tap in fees have **not increased** and are not addressed on this listing.

These changes will be effective 1 January 2007, 2008, and 2009.

Permit purchasers should continue to inquire about equalization fees on all properties where the water and sewer system was County installed.

Should you have any questions, please contact the Project Management Office at (937) 562-7461 or (937) 562-7462.
