**ORDER TO ADMINISTER**

The Court accepts the above Report of Newly Discovered Assets, describing assets that have come into the fiduciary's possession or control since the filing of the original Inventory in this estate. The Court waives the requirement to make an inventory or appraisal of those assets, unless the Court orders otherwise at a later time. The Court orders the fiduciary to administer, account for and distribute the assets described in the Report in the same manner as if the fiduciary had received them before filing of the original Inventory.
